

Rebuttal ~~Arguments of~~ ^{To} the Ballot Argument Against Proposition 7.

THE FOR-PROFIT UTILITY COMPANIES OPPOSE PROPOSITION 7

BIG MONEY IS BEING USED AGAINST A PROPOSITION THAT GUARANTEES CALIFORNIANS CLEAN ELECTRICITY FOR DECADES TO COME.

Three powerful utilities (Pacific Gas & Electric, Southern California Edison, and San Diego Gas & Electric) are funding the campaign against Proposition 7.

Did you notice that nowhere in their argument against Proposition 7 did they say how they would help reduce global warming? Or create the 370,000 jobs?

Instead, they make inaccurate charges to scare small renewable companies and consumers. The independent Legislative Analyst's report doesn't back their false claims.

JUDGE FOR YOURSELF:

- Why are both state political parties opposing Proposition 7? Could it be that the utility companies gave \$1.5 million to the state Democratic Party and \$1.1 million to the state Republican Party in the last four years? And more is coming!
- Why are some renewable energy providers opposing Proposition 7? Could it be that under Proposition 7 they'll be required to pay their workers the prevailing wage?
- Why do hand-picked environmental organizations oppose Proposition 7? Could it be they sit on many of the same boards and committees as the utilities do?

California is the 16th largest global warming polluter.

We need to change how we make electricity.

California can help solve the moral challenge of our time: global warming and climate change.

REBUTTAL TO ARGUMENT AGAINST

PROPOSITION 7

We can do it with the renewable energy resources and technology we have now. That's the choice .

Vote YES on Proposition 7.
